Page:

As applicable in each spec

Paragraph:

Para. 2.3 Terminal Strength, in each spec.

Original wording:

as per the current issue.

Proposed wording:

In line with the disposition of DCR1373 on ESCC 2053600, the definition of relay terminals as 'rigid' should be added, where applicable, to each Detail Specification.

i.e.

For all these Detail Specs, in Para. 2.3 Terminal Strength: add the following definition statement:

"The terminals of all Variants are defined as rigid."
