

## DOCUMENT CHANGE REQUEST

DCR number	467	Changes required for:	N/A	Originator:	Steve Thacker - ESCC
Date:	2009/02/02	Date sent:	2009/02/02	Organisation:	
Status:	IMPLEMENTED				

Title: Connector Savers Electrical Rectangular Miniature Removable Contacts, based on type D\*BMA

Number: 3401/020 Issue: 4

Other documents affected:

Page:

Page 5, Para 2

Paragraph:

Page 5, Para 2

Original wording:

Proposed wording:

Delete unused document references from para 2 (d, e, f, g, i)  
(renumber: 'h' to be 'd')

Justification:

These applicable documents are not actually referred to in the main body of the specification.  
All material & finish requirements are specified generically (in para 4.4) without reference to any specific non-ESCC material specification.  
It is considered unnecessary to prescribe the actual material specifications to be applied by the Manufacturer (which will be controlled by their PID).

Attachments:

Modifications:
<p>Additional minor editorial amendment to be included in DCR467 are as follows:</p> <p>Para 1.2 delete from sentence: "which are also covered by this specification,"</p> <p>Para 1.5 Amend sentence to read: "The physical dimensions of the connector savers specified herein and the available contact arrangements are shown in Figure 2."</p> <p>Para 4.5.4, Add new bullet "(h) Contact Information", and amend marking example last item to be: "Contact Information: FO (Savers ordered without contacts)"</p> <p>Add new Para 4.5.4.8 as follows: "4.5.4.8 Contact Information FO = Connector ordered without contacts. This information shall only be marked on the packaging and not marked on the connector.</p> <p>Contacts must be from the same Manufacturer as the connector in which they are mounted and this shall be verified prior to assembly."</p> <p>-----</p> <p>Justification: Correction of editorial mistake plus clarification &amp; consistency purposes</p>
