

## DOCUMENT CHANGE REQUEST

DCR number 533

Changes required for: N/A

Originator: Alexander Kovach

Date: 2009/07/29

Date sent: 2009/07/29

Organisation: DERA

Status: IMPLEMENTED

Title: Crystal Units in Metal Holder Frequency Range 4.0-140MHz, based on type 807 (Follow-up)

Number: 3501/012

Issue: 2

Other documents affected:

Page:

At the page 76 of the above stated document, in the Table 1(a) - Type Variant Detailed Information, Type Variant No. 54 - the cell - Row "8" , Column "Unit".

Paragraph:

At the page 76 of the above stated document, in the Table 1(a) - Type Variant Detailed Information, Type Variant No. 54 - the cell - Row "8" , Column "Unit".

Original wording:

Proposed wording:

Proposed change - 10-6

Justification:

The cell value is set to be 10-9, which is not acceptable. It is assume to be a print error. The appropriate unit value for frequency variation with temperature over Top has to be 10-6.
