Paragraph:

Appendix A for "W.L. GORE AND CO. GmbH (D)" / "GORE (D)"

Original wording:

Proposed wording:

Delete Appendix A for Gore in its entirety in each of the listed specifications.

Justification:

- 1) For 3902/002 & 3902/003 only
The requirement for an Anthony & Brown test during Chart II is not a deviation as this test is not required. Hence this shall be removed from the appendix.
- 2) All specifications listed on this DCR
GORE-TEX is the brand name for the expanded PTFE tape of GORE; therefore there is no deviation, and this shall be removed from the appendix.
