Paragraph:

1.4.2: Component Type Variants table

Original wording:

see original spec

Proposed wording:

Per approved DCR879, 4 new variants are to be added to the existing Variants 01 to 07.

Due to an editorial error in DCR879, the new Variant numbers to be added should be 08, 09, 10 & 11 (instead of 07 to 10 as stated in DCR879) where:

- Variants 08 & 09 are equivalent to current Variant 02 except for the lead finish
- Variants 10 & 11 are equivalent to current Variant 03 except for the lead finish

Justification:

editorial error in DCR879
