Proposed wording:

Justification:

STPI has customers who wish to procure, on a non-qualified basis, E 210 relays (per retired ESCC 3601/001) and EL 210 relays (per retired 3602/001). These customers would prefer to use the same ESCC component numbers for procurement as previously applied. Accordingly STPI requests both these ESCC detail specifications be republished in order to facilitate such procurement activity
