These proposed changes are considered necessary for the purpose of technical correctness and completeness.

These proposed changes are also based on ongoing ESCC Detail Spec conversion (i.e. old ESA/SCC format changed to ESCC format to be suitable for use with the current issue of ESCC Generic Specification No. 5010) work for similar part types.

All proposed changes have been discussed with, and agreed by, the Technical Writer and the sole ESCC qualified supporting Manufacturer, Infineon Technologies AG (B. Eisener).
