

DOCUMENT CHANGE REQUEST

DCR number 860 Changes required for: Qualification
Date: 2014/07/28 Date sent: 2014/05/05
Status: IMPLEMENTED

Originator: Bertrand Marty
Organisation: CNES

Title: Power Inductors, Moulded, SMD, based on Series SESI

Number: 3201/009 Issue: 10

Other documents affected:

Page:

5,8,11,12,13

Paragraph:

Table 1(a), range of components SESI series 15, Range of components SESI 32, Figure 2-Physical dimensions and Figure 3- Functionnal diagram

Original wording:

Nothing to replace just addition of texts

Proposed wording:

Addition of two variants in table 1(a), Addition of two values for SESI 15, Addition of table of range for SESI 32 and addition in figure 2 and figure 3 of dimensions and diagram SESI 32.

Justification:

Qualification of this new variants and values in last VOQ (2012) and present VOQ

Attachments:

dcr860__amended_dcr_attachment_(3201_009)_1.doc, modif_3201_009(2).doc

Modifications:

the following modifications should apply to this DCR860:

a) For original DCR items against Table 1(a):

For the 2 new values for Variants 02 & 03 (SESI 15) and the 18 values for new Variants 07 & 08 (SESI 32), delete the original DCR attachment and see replacement attachment with amended 2 significant figure inductance values for Table 1(a).

b) Add new DCR item:

For Variant 06 (page 10; SESI 22) value 19.2uH, amend the inductance value to be 19uH (i.e round down to 2 significant figures)

Approval signature:

A handwritten signature in black ink, appearing to read "Austan Reed".

Date signed:
